

Job Title: Civil Engineer
Project Manager

Location: Fort Wayne, IN

Job Summary: Our employees in our Fort Wayne office find ways to work hard and have fun at the same time. If you are an experienced Civil Engineer who loves what they do, you will fit right in at our Fort Wayne office. Experience in underground utilities is preferred, and water/wastewater utilities experience is a plus, however, enthusiasm and a willingness to learn is equally important. The position is responsible for the oversight of technical designs and development of water & sewer mains, storm sewers, storm drains, roads, and water/wastewater treatment systems. This position works with the engineering staff and technicians on your team to provide projects on time and within budget. Some travel is expected between the Jones & Henry regional offices. Be part of a team that values providing top quality service to our clients.

Minimum Requirements:

Bachelor or Master of Civil Engineering or Environmental Engineering (or equivalent)
Professional Engineer (P.E.) license required or willingness to pursue

Preferred Qualifications: 8+ years of experience

What We Offer: Jones and Henry Engineers, with our 5 regional offices, offers a unique opportunity to work with fellow employees that believe the work we do is important and care about the communities we serve and live in. Our engineers interact with our clients to solve problems and implement practical solutions while maintaining high standards and providing quality service. Continuing education and advancement of skills are encouraged at every career level. Jones & Henry offers a robust bonus incentive program, educational reimbursement, and competitive health care benefits.

Specialty: Underground Utilities

Position Status: Full-Time

Minimum Physical Demands: Ability to travel to job sites and maneuver around project sites. Sitting, walking, bend, kneel, climbing stairs, and occasional lifting and moving up to 25 pounds. Visual acuity to perform responsibilities.
