

**Job Title:** Civil/Environmental Engineer, Water Resources

**Location:** Fort Wayne, IN

**Job Summary:** Jones & Henry is currently looking for an exceptional engineer with experience in water-related design and consulting to enhance our growing Fort Wayne office. This is a unique opportunity to build upon your knowledge with mentoring from a team of professional engineers with years of experience. This position will perform basic technical assignments related to the design and control of various water treatment, distribution systems, wastewater treatment and collections infrastructure. Responsibilities include the coordination and review of detailed project design plans with Project Managers and CAD Technicians, conducting field work, evaluating results from pilot studies, preparing written reports regarding needed improvements to treatment facilities, and utilizing modeling to inform design. Our firm has an established track-record of establishing successful careers in the industry.

**Minimum Requirements:**

Bachelor or Master of Civil Engineering or Environmental Engineering (or equivalent)

**Preferred Qualifications:** 1-3+ years of experience in Water Resources

Professional Engineer (P.E.) license or willingness to pursue.

**What We Offer:** Jones and Henry Engineers, with 5 regional offices, offers a unique opportunity to work with fellow employees that believe the work we do is important and care about the communities where we live and serve. Our engineers interact with our clients to solve problems and implement practical solutions while maintaining high standards and providing quality service. Continuing education and advancement of skills are encouraged at every career level. Jones & Henry Engineers offers a robust profit-sharing incentive program, educational reimbursement, and competitive health care benefits. If you are a good fit for our team, when invited to join Jones & Henry Engineers, you are continuing a legacy of well-respected expertise in the industry, in a business that has truly stood the test of time.

**Specialty:** Water Resources

**Position Status:** Full-Time

**Minimum Physical Demands:** Ability to travel to job sites and maneuver around project sites. Sitting, walking, bending, kneeling, climbing stairs, and occasional lifting and moving up to 25 pounds. Visual acuity to perform responsibilities.

*Jones & Henry Engineers is an Equal Opportunity Employer.*
