

For nearly a century, Jones & Henry has been a trusted provider of Fluid thinking to complex water and wastewater challenges. Join an engineering team that values providing excellence in engineering to our clients.

Job Title: CAD Modeler

Location: Position may operate out of one of the following offices:

Toledo, OH
Cincinnati, OH
Kalamazoo, MI
Fort Wayne, IN

What We Offer: Are you looking for an opportunity to excel as a critical member of a dynamic technical team? Jones and Henry Engineers offers a unique opportunity to collaborate with fellow professionals that believe the work we do is important and care about the communities we serve and live in. From our 5 offices, our engineers interact with our clients to solve problems and implement practical solutions while maintaining high standards and providing quality service. Continuing education and advancement of skills are encouraged at every career level. Jones & Henry offers a robust profit-sharing program, educational reimbursement, and competitive health care benefits.

Job Summary: We are currently seeking an entry level CAD Modeler to join our existing group of highly experienced Modelers. This is an opportunity for an entry level person to grow and expand your skills and career with some of the best. Candidates should be proficient in Autodesk AutoCAD or Civil 3D. Our CAD Modelers work with Project Managers and Engineers to interpret construction and site drawings, as well as the preparation and design of engineering drawings in a timely and effective manner. Our modelers may also travel to job sites to collect and verify survey data, and/or planning and design information from the field. This position requires excellent verbal communication skills and the ability to produce accurate work in a fast-paced environment. If you are looking to launch your technical career with a solid company who has been in business since 1926, send us your resume so we can get to know you.

Minimum Requirements: High school diploma, a valid driver's license and be proficient with Autodesk AutoCAD Release 2018 or higher.

Preferred Qualifications: Preferred candidates have a minimum 2-year degree program in Civil Engineering, Architectural Construction or equivalent. Experience/education in Civil 3D or additional Autodesk software is a plus.

Position Status: Full-Time

Minimum Physical Demands: Ability to travel to job sites and maneuver around project sites. Sitting, walking, bending, kneeling, climbing stairs, and occasionally lifting and moving up to 25 pounds. Visual acuity to perform responsibilities.

Jones & Henry Engineers is an Equal Opportunity Employer.
