

**Job Title:** Electrical Project Engineer / Project Manager

**Location:** Position is preferred to be located in the Toledo Office. We will also consider this position operating out of one of the following offices:

Cincinnati, OH / Kalamazoo, MI / Fort Wayne, IN

**Job Summary:** Are you looking for a reputable company to empower you as a critical member of their Electrical Engineering team? Jones & Henry Engineers has an immediate opening for Project Engineer/Project Manager to be part of our electrical team. If you have experience in the design of the following electrical systems, you need to connect with us.

- Medium voltage (primarily 480 volt and below, occasional 4160 volt))
- Power Distribution utilizing PDP, MCC, switch gear, disconnects, etc.
- Experience with Standby Generation
- Lighting (exterior/interior/emergency)

This position will support a variety of water and wastewater projects with a focus on electrical power, instrumentation, and control. The Project Engineer will be responsible for single and multi-discipline projects, designing low voltage and medium voltage distribution systems which includes switchgear, panelboards, and motor control centers. You will have the opportunity to collaborate with other engineering disciplines and create estimates/proposals for new projects. This unique opportunity will give you a career advantage by sharing knowledge in an industry that surpasses economic turbulence.

**Minimum Requirements:**

Bachelor of Electrical Engineering (or equivalent)

Professional Engineer license required or willingness to pursue

Knowledge of National Electrical Code

Familiarity with NFPA 820 (Fire Protection in Wastewater Treatment and Collection Facilities) would be a plus.

**Preferred Qualifications:** 4+ years of experience in electrical

**What We Offer:** Jones and Henry Engineers, with our five regional offices, offers a unique opportunity to work with fellow employees that believe the work we do is important and care about the communities we serve and live in. Our engineers interact with our clients to solve problems and implement practical solutions while maintaining high standards and providing quality service. Continuing education and advancement of skills are encouraged at every career level. Jones & Henry offers a robust profit-sharing program, educational reimbursement, and competitive health care benefits.

**Specialty:** Electrical

**Position Status:** Full-Time

**Minimum Physical Demands:** Ability to travel to job sites and maneuver around project sites. Sitting, walking, bend, kneel, climbing stairs, and occasional lifting and moving up to 25 pounds. Visual acuity to perform responsibilities.

*Jones & Henry Engineers is an Equal Opportunity Employer.*
